Dear Mr. Guy:

Thank you for the information and the invite to inspect the duplex constructed with Verot Oaks Building Blocks. Unfortunately, I couldn't find your site on the web, but the info in your letter certainly sounds interesting. If I have a moment and get a little free time down that way, I just may try to stop in Gray and give it a look. In the meantime, I am sending your information to Jerry Jones, head of Facility Planning, and Chuck Marceaux, executive director of the Contractors Licensing Board, for their review. Anything the state can do to save money without giving up quality or efficiency is worth a look, and these guys might also have some useful feedback.

Thanks again for the invite and best wishes for success with expanding VOBB construction.

Sincerely,

A handwritten signature in black ink, appearing to read "M. J. Foster, Jr.", written over a horizontal line.
